

We offer onion sets, onion seeds and onion transplants. Onion sets are small bulbs that can be planted in the fall and over-wintered to harvest for early spring scallions. They can also be planted in spring with great success. Approximately 80-100 bulbs per pound. Onion transplants are small, pre-sprouted bulbs that are harvested directly from the field and shipped to our customers. More varieties are listed on our website: [www.irisheyesgardenseeds.com](http://www.irisheyesgardenseeds.com)

#### YELLOW ROCK ONION SET OOS101

Flat onions with bronze-yellow skin. Mild and sweet with fast growing scallion.

#### WHITE EBENEZER ONION SET OOS201

Medium sized, flat onion with thin, translucent white skin with less waste when prepared. Fine grained flesh. Popular for pickling. Excellent storage.

PRODUCT	1 LB	2 LBS	3 LBS
Organic Onion Sets	\$5.75	\$9.20	\$11.50

#### RED WETHERSFIELD ONION SET OOS301

Large flattened globe with very thin reddish-purple colored skin. White flesh is very firm and tinged with pink or purple highlights. Fine, strong flavor. Vigorous.

#### RUBY RED ONION TRANSPLANT OON201T

A strong yet sweet tasting onion that produces large red onions. Great for storage; lasts up to six months.
