This form must be completed and signed for any orders requesting a ship date between November 1st and April 1st

Due to weather restrictions I understand the risk of shipping my order before warmer temperatures arrive. Irish Eyes Garden Seeds strongly discourages shipping when the temperatures are at or below freezing either en route to my destination or at the farm.

1. I assume all risk and responsibility and request my order to be sent on the arranged ship date. Irish Eyes will not be held liable for any damages that may occur and will not refund or reimburse for said damages. This includes, but is not limited to; frozen/thawed product, damage to packing, moisture in boxes, arranged freight (F.O.B.), etc.
2. I would like my order to be sent on the arranged ship date, but will opt to use a temperature controlled truck. I understand this will add to my freight costs and any quotes given for freight may not be accurate as this can only be arranged one week in advance.
3. I prefer to postpone the shipment of my order (if necessary) until Irish Eyes deems it safe enough to send without the risk of freezing product. I understand that all shipping is weather dependent and will not have a set ship date likely delaying the arrival of my order. I understand my order may be sent without notice.
4. I will arrange my own freight. I understand that Irish Eyes will not be held liable for any damages that may occur and will not refund or reimburse for said damages. This includes, but is not limited to; frozen/thawed product, damage to packing, moisture in boxes, etc. I will be in contact with the wholesale manager to arrange the pick-up of my order.
5. I will come pick up my order. I understand that Irish Eyes will not be held liable for any damages that may occur and will not refund or reimburse for said damages. This includes, but is not limited to; frozen/thawed product, damage to packing, moisture in boxes, etc. I will be in contact with the wholesale manager to arrange the pick-up of my order.

C/F (Crop Failure): As many of you know and as we keep saying, agriculture is a fickle business. We have been battling Mother Nature and flooded fields this year; needless to say this directly reflects our supply. We are reaching out to other growers for substitutes. Stand by for replacement varieties (organic or conventional). If you've already placed your order, we will make substitutions and send an updated order confirmation.
